

Dear Parents,

I am pleased that you are interested in Whitesburg Christian Academy, and that you are seeking to provide a Christian education for your child(ren). Here at the Academy we believe that a strong partnership between Christian parents and a Christ-centered school can have a strong influence in the education of students. Our goal is that our students become passionate followers of Christ and well-trained servant leaders.

One of the scriptures that guides us is:

"We will not hide these truths from our children but will tell the next generation about the glorious deed of the Lord.... So each generation can set its hope anew on God, remembering His glorious miracles and obeying His commands." Psalm 78:4, 7

As Christian parents, we are concerned about teaching our children the eternal values in God's Word while training them to live successfully in our society. The Academy is dedicated to developing a *Biblical worldview* in its students *while* stressing strong academics inside a unique spiritual environment that reinforces the values you are teaching at home.

Curriculum and teaching methodology are of critical importance to reach and maintain the standard of academic excellence at the Academy. We take a *Classical Christian approach* to education. The classical approach offers a focus on excellence that is not found in educational curriculums that rely on an eclectic collection of current trends and theories. The Academy offers a well-rounded academic program, which stresses proficiency in reading, phonics, grammar, math, world and Biblical history, science, foreign languages, and multiple co-curricular opportunities.

God has greatly blessed the Academy with a strong Christian faculty. Our teachers are born again, professionally trained, and possess the highest moral character. Their dedication to the students they teach is evident in every classroom.

I look forward to meeting you and your family. I would be happy to answer any questions you might have as you walk through the process of selecting the right educational environment for your child(ren). It is our prayer that your family carefully considers the best educational choice for your family.

In His Service,
